

SECRETARY ROOT

Gen. Alger's Successor Sworn In This Forenoon.

Retiring Officer Congratulated His Successor—Miles Presented to Root by Alger.

WASHINGTON, Aug. 1.—Hon. Elhu Root assumed the duties of the office of secretary of war at 11 o'clock this morning. The oath was administered by Justice Cole, of the supreme court of the District of Columbia. At the conclusion of this ceremony Retiring Secretary Alger took Mr. Root's hand and congratulated him and the country. The oath was conferred before the appointed time and Gen. Miles and his staff did not arrive until all was over. When he walked in to be presented to Gen. Alger face to face, the shock hands coldly and then Gen. Alger presented the commanding general to Secretary Root. This over done Miles and the retiring secretary turned their backs on each other. Secretary Root showed Gen. Miles evident favor after their introduction by coverage with him in a hearty manner.

MINISTRY QUILTS.

An Electoral Bill Which Nearly Caused a Revolution.

BRUSSELS, Aug. 1.—The Belgian ministry serving under the premiership of J. Vanderpeper has resigned. The fall of the ministry is the result of the crisis caused by the government's attempt to pass the electoral law bill, which is a bill to reorganize the country in favor of the Catholics. This was a month ago and the attempt very nearly ended in a revolution.

BRUSSELS, Aug. 1.—King Leopold is now conferring with ex-Premier Desmetere regarding the formation of a new cabinet.

The parliamentary committee of fifty rejected all the government electoral bills which had been referred to it.

A FATAL WRECK.

Fast Mail Leaves the Track and Plunges Into a Hill.

BOONE, Ia., Aug. 1.—The North-western fast mail train which was west bound, jumped the track here this morning and plunged into a hill. The locomotive and cars piled up in a disintegrating manner. Four persons were killed and seven wounded.

The dead are J. J. O'Brien, express messenger, of Chicago; John Masterson, engineer, of Boone; Geo. Schmidt, fireman, of Boone; and D. D. Stone, postal clerk, of Austin, Ill. Several of the injured cannot recover.

Train left the track while going at the rate of 40 miles an hour.

CLEVELAND'S STRIKE.

In Spite of Prevailing Quietness Troubles are Reported.

CLEVELAND, O., Aug. 1.—As quietness still prevails here the troops from out of town points are rapidly being sent home, but those from the city are still on duty. A construction car was cut loose from a top hill last night and crashed into an ascending passenger car, but none of the passengers were hurt. The city council last night refused to pass a resolution disarming the non-union crews.

DEWEY SAILS.

The Olympia and the Admiral Leave Trieste for Naples.

TRIESTE, Aug. 1.—The United States cruiser Olympia, with Admiral Dewey on board, sailed for Naples this afternoon. The Olympia expects to arrive at the Italian port by Friday.

WAS ROUGHLY HANDLED.

THE METEOR WINS.

COWES, Aug. 1.—The race for the Queen's cup was sailed here today and was won by the Emperor of Germany's Meteor, formerly the Thistle. The Prince of Wales' Britannia sailed a poor race, finishing eleven minutes after the winner. Today's result shows the Shamrock, which beat the Britannia in about the same time, is practically equal to the Thistle.

STATE PROHIBITIONISTS.

LOUISVILLE, Aug. 1.—The Prohibition state convention opened this afternoon. Rev. M. P. Hunt, of Louisville, who is slated for gubernatorial nomination, declines to run. The delegation is small.

DEFERRED AGAIN.

BEHIND THE BARS.

Fired Forty-Four Buckshot Into Lee Walters' Bed.

BENTON, Ky., Aug. 1.—J. A. Sprague was arrested by Sheriff Wallace and lodged in jail charged with attempting to murder Mr. Lee Walters, wife and child. It is charged that he fired at them through a window and put forty-four buckshot in their bed. Sprague and Vernon Hewitt engaged in a dispute some time ago, and Sprague knocked Hewitt down with a rock and cut his throat from ear to ear. He was arrested after a long resistance and finally escaped. He remained at large several days defying the officers. He was finally surrounded and again brought to jail. At his examining trial it was stated that he had knocked Hewitt down when the latter was running from him, and that he had cut Hewitt's throat, and stabbed him several times. Hewitt, strange to say, has recovered. At the trial he was released on \$500 bond, furnished by ex-Congressman Hendricks. Lee Walters was a witness against him. The charge against him now is attempt to murder. It is stated that he went to Walters' house and fired through a window at the bed which Walters and wife occupied, forty-four shots hitting the bed. Mrs. Walters was fearful of trouble, and fortunately moved to another bed, and she and her husband escaped injury. There is much bitter feeling over the affair.

WATTERSON TALKS.

Tells That He Is for Goebel, But Against Bryan.

CHICAGO, Aug. 1.—Henry Watterson has this interview in the Times-Herald: "I am an independent, and so is my paper. We support or condemn whom we please. It pleases us to support the Democratic ticket and a machine-made Democratic candidate instead of a machine-made Republican one. The subtle intricacies of Kentucky politics are not for an alien to understand but without going into that I may say I chose the line of two evils. Asked to analyze the opposition to Goebel, the editor replied: "The Populists and the Louisville Nashville railroad oppose Goebel. The Populists had a contract with the Democratic party; they have been getting the worst of it for three years, and now they see fit to repudiate the contract—quite a simple matter, you see. What the New York Central is to New York and the Pennsylvania to Pennsylvania, the Louisville Nashville is to Kentucky. Its managers and Goebel never got along, and the railroad is the center of all the present malice."

Col. Watterson then proceeded to reconcile his support of Goebel and his opposition to Bryan. "Kentucky would not any national money, nor will her legislature conduct the war. I support Goebel for state reasons, as I support McKinley for national reasons. I'm an expansionist, and Mr. Bryan is going against the straight Jeffersonian practice when he inveighs against the Philippine acquisition. If the islanders were civilized they might demand self-government; but the facts of Aguinaldo's revolt themselves prove the Filipinos are savages, and therefore ought to be denied the right of self-government. There lies Mr. Bryan's fallacy. He fails to distinguish between civilization and barbarism—all men look alike to him, and he believes children should be given custody of dynamite."

NOT DYING OUT

Still Much Excitement Today Over the Yellow Jack.

Disease-Ridden Neighborhood Is Carefully Watched—No New Cases or Deaths.

NEWPORT NEWS, Va., Aug. 1.—The excitement caused by the appearance of yellow fever at the Hampton Soldiers home is not dying out. A double quarantine against the disease-ridden neighborhood has been established. Armed special policemen are still guarding all points of ingress to the city. No new cases or deaths are reported today.

Ah nearby cities have established absolute quarantine, and Richmond and Baltimore have done likewise. Guests have deserted the hotels at Old Point Comfort. There have been forty cases and seven deaths since the outbreak began.

MONTREAL, Aug. 1.—A bank crisis has precipitated what practically amounts to a panic on the stock exchange. Stocks are being thrown on the market in large lots and prices have fallen considerably. Many disastrous failures will no doubt ensue.

IT IS UNCONSTITUTIONAL.

What Judge Sanders Thinks of the Excavation Ordinance.

The Paducah gas company was defendant this morning in a prosecution for violation of ordinance in the police court. Judge Burnett represented the corporation, and the specific charge was failing to procure a permit from City Clerk Patterson before digging a ditch for its pipes, as required by law.

Prosecuting Attorney Campbell took the position that the object of the law was to provide for the public safety by guarding against in position resulting from the indiscriminate excavation of ditches in the street without first obtaining a permit that would enable the city to determine exactly who is responsible for the ditch, and for a delay or negligence in filling it. The ordinance, he continued, was a police regulation, as it was designed to protect the safety of the people, and the council consequently had a right to pass it. Judge Burnett, for the defense, contended that the gas company, under its franchise, had a right to construct or dig any kind of a ditch necessary for the transportation or maintenance of its system without getting a permit. He declared that the city council had no right to affix any subsequent conditions to the original rights detailed in the franchise, and that the ordinance was not a police regulation.

Judge Sanders decided that the city council had no right to pass the ordinance restricting or qualifying the rights of the Gas company ceded in the original franchise, no matter whether it is for the safety of the public or not. He said the ordinance was sheer nonsense and he would have voted against it if he had been in the council.

Prosecuting Attorney Campbell is not satisfied with the decision, but there is no way to appeal to a higher court. Under Judge Sanders' decision the Gas company can now tear up the streets whenever and wherever it pleases without getting a permit from any one, so long as it replaces them as when found.

KICKED AGAINST THE DOGS.

The people residing in the vicinity of Eight and Clark streets made a vigorous kick to Mayor Lang this morning against Belmont Woods & Co., occupying the lot there with their circus, which takes up all the space. The dogs make life unbearable for them, they claim, but no steps will be taken to get the circus away, unless someone awakens out a warrant for maintaining a nuisance.

MAY BE IMPEACHED.

Judge Tully Investigating Charge Against Sam Sneed.

Justice Emery, of the Fourth district, has made formal complaint to County Judge Tully of reports against Poor house-keeper Sam A. Sneed. It is said that he has been improperly feeding the inmates, and that one man who had a limb amputated several weeks ago is lying there with it still unhealed, because his nourishment is inadequate to the demands of nature.

Judge Tully replied that he would look up the law, and if possible, would call fiscal court to impeach Sneed, and appoint another man to fill his place until October when there is to be a new keeper elected. A nurse for the institution was today employed by County Physician Pendley, and it is to be hoped that the disclosures made today will result in better management of the place.

County Judge Tully stated today to a reporter that Keeper Sam Sneed, of the poor farm, would probably be allowed to serve the remainder of his term, which is out in October.

"The poor farm is no hospital," remarked Judge Tully, and it is not required that the keeper furnish delicacies to the inmates, although there are no doubt times when they may be in need of them. That man Clumfoot, about whom such a disturbance has been raised, does not properly belong there. He was shot up the river some where and brought here on a shanty boat to become a charge on the county. We are doing the best we can, and have hired a nurse."

HORSE CASE TRIED.

Branson & Co. Won It in "Squire Little's Court."

The case of Ed McMahon against C. L. Branson & Co., for \$28, was tried before a jury in Justice Little's court yesterday afternoon, and resulted in a verdict for the defendant. Attorney Cross represented the plaintiff, and Attorney Dennis McQuinn the defense.

The facts seem to be that McMahon gave the defendants the use of his horse last winter on condition that the latter feed and keep him. They used the animal two months, feeding him well, and the owner then wanted pay for the use of it, which the court decided he was not entitled to.

The trial attracted quite a number of spectators.

BURNED UNDER WHEAT.

VINE GROVE, Ky., Aug. 1.—Byron, the ten-year-old son of Charles Cook, agent for the Illinois Central, met death by falling into the elevator at the flour mill of his grandfather, W. A. Burkhardt, at this place. He was a bright little fellow. After he had been absent from home several hours his parents grew alarmed and at once began a search. Finally it was learned that he had been last seen watching the wheat run into the elevator. As assistance was immediately summoned, and after four hours' work 5,000 bushels of grain were removed from the bin and the boy's lifeless body recovered.

DYNAMOS RUN AWAY.

AUSTIN, Tex., Aug. 1.—Sunday night about 9 o'clock two of the big 250 horse-power dynamo, one operating incandescent lights and the other furnishing power, ran away at the powerhouse. The velocity attained was terrific, and both dynamo burst with a terrific report, hurling pieces of iron in all directions. A large piece of iron was thrown through the roof and fell in the lake. No one was injured. The damage to the dynamo, machinery and buildings will be several thousand dollars. No one was in the dynamo room when the accident occurred.

ATE LYE

Perhaps Fatal Injuries of Tolbert Face This Morning.

Got Held of a Box and Swallowed Part of It—Dr. Rivers Called.

Tolbert, the little 3-year-old son of Mrs. Lizzie Pace, a widow residing at Ninth and Clark streets, ate concentrated lye this morning about 10 o'clock, and is in a serious condition as a result.

Someone who was doing washing in the yard left a box of the lye sitting within reach of the little fellow and the boy, known to have swallowed a portion of its contents and smeared a quantity of it on his hands and face. He seemed to be horribly burned, and his throat hurt him so he could not be induced to drink anything to relieve his pain.

Dr. Rivers was called and found him suffering, but the result of the burns cannot at present be determined, and the victim may recover.
